CMTMIE 2015

ABOUT DIMAT, RAIPUR

The Disha Institute of Management and Technology, (DIMAT Raipur) is one of the top most Institutes, in Chhattisgarh, India, to impart technical education of highest excellence with the state of the art technology. DIMAT Raipur is one of the most preferred institutes of the engineering aspirants in the state. With a beautiful lush green campus and state of the art laboratories, well furnished modern Hostels, this Institute is positioned to be counted among the top three prime technical Institutions of Eastern India. The Institute campus is spread over 100 Acres of land with all the facilities inside the campus area. The Institute was established in 2005 in Chhattisgarh State as one of the Private Engineering Colleges. The DIMAT campus is state-of-the-art campus presenting a blissful mix of modern architecture, culture & heritage of Chhattisgarh. At present, the Institute is offering four under graduate and three post graduate courses in various disciplines of technology. It also runs MBA, MCA and PhD programmes in various disciplines. One of the key objectives of the DIMAT is to promote technology development in various fields. The Institute supports activities aimed at developing and integrating technologies to evolve technology systems both in the advanced/emerging areas and in traditional sectors/areas. Under the R & D division, feasibility of fresh ideas/ concepts is assessed for their potential conversion into useful technology/product.

ABOUT DIMS, RAIPUR

Disha Institute of Medical Sciences, Raipur (C.G.) Approved by Indian Nursing Council, Governing by State Nursing Council, Raipur (C.G.) & Affiliated by C.G. AYUSH & Health Sciences University. The Disha Institute of Medical Sciences is being established in a state of the art infrastructure at the Satya Vihar campus. The building has already been built with all modern amenities and various labs for Nursing courses. We are running B.Sc Nursing and plan to start M.Sc Nursing soon.

ABOUT WORKSHOP

The workshop is aimed with special emphasis on "equity in development, so that the benefits of technological growth reach the majority of the population, particularly the disadvantaged sections, leading to an improved quality of life for every citizen of the country". This workshop is a small step towards building a road map for integrating science and technology directly with societal concerns. The workshop endeavors to:

- (1) Develop and integrate technologies following a holistic approach in identified areas;
- (2) Promote application of modern/advanced technologies to socio-economic problem solving;
- (3) Encourage developments in application of R&D activities;
- (4) Promote activities aimed at improving technology, technique, material, methods and other appropriate activities conducive for development of technology status in identified areas;
- (5) To emphasize the need to develop affordable technology in predominately rural state like Chhattisgarh;
- (6) Stimulate Scientific and Technological temper &
- (7) Coordinate and orchestrate such efforts.

The purpose of organizing this workshop is to push our efforts to break the frontier of knowledge in medical instrumentation for which Disha Education Society has been well recognized by DST as well as top medical fraternity. This forum will give us an opportunity to listen to some well known authorities on variety of issues related to areas of our research. Engineering students, teachers, medical doctors, engineers from industry and others are invited to participate in the workshop, which is aimed at sensitizing the participants to the challenges and accomplishments in this interdisciplinary field.

RESOURCE PERSONS

The Guest Speakers are from reputed Organizations and Premier Institutes:

- ▶ Dr. Mrs. Anu Nagarkar, SR. Speech Therapist, AIIMS Raipur
